

Stakeholder Issues/Questions for May 26, 2023 Meeting

1. There are concerns about retention of newer agents (less than 5 years) who are leaving for higher paying positions. Is there a system-wide focus on retention of employees/agents?
2. There are concerns about the evaluation system. Is there a quota on who can receive each ranking? Is the system being administered the same in each region?
3. A topic that came up and was discussed in detail at the BoS faculty council meeting in Alexandria – the shortcomings of the ORP program funding retirements for those individuals who have chosen this avenue. Could we ask Dr. Lee and Ashley for comments on the subject?
