2. We will meet to welcome newly elected members, laud outgoing members, and wish each other a Happy Holiday, Peace on Earth, and Goodwill for the New Year.

Adjourn

LSU Agricultural Faculty Council - Meeting - 11/18/22

Dr. Fred Piazza, Chief Information Officer | LSU AgCenter-IT Updates & Organizational Chart

- 1. Update on CMS Development** – In January we will kick-off an initiative to upgrade our existing CMS to the newest version. This upgrade is not a simple task and will likely take up to a year to complete. Once done, we expect some stability issues to be corrected, as well as an easier user interface for employees to use to post and maintain web content. **No update**
- 2. AgCenter transition to a TEAMS phone system** – We are continuing to work with BR Campus on this. Over the course of the upcoming year, we will be migrating campus-based units to the new system. Each unit will be notified in advance of the migration. Training will be offered as needed. **Some additional testing has been done. We converted a small batch of campus numbers (numbers beginning with 225-578-XXXX) to MS Teams based numbers successfully. There were a few small issues we are working with BR Campus to correct before proceeding with further conversions.**
- 3. Intranet utility for internal customers** – This is still on the wish list, but there is no timeline for completion. **No update**
- 4. Security** – We are continuing to draft policies and procedures to bring us in compliance with LSU PM-36. **A new draft of PS-32 was written and was given to administration for review. We are hoping this draft will be approved and put in place before the end of December.**
- 5. Purchasing** – We are developing a list of common IT-related items that will be pre-approved for purchase without additional IT approval. These items will include things such as keyboards, mice, monitors, removable storage devices, cables, webcams, microphones, etc. We hope to have this list online before the end of the year. **No update, but we are getting close to completion.**

Revised 11/8/2022
