

## WORDS INVENTORY

Read the following- "This is a list that contains both the real words and the groups of letters that do not form real words (i.e. nonwords) that you just saw in the computer game. You are to chose whether the letters form a word or not. If the letters form a word, you are to circle the number one that follows that word. If the letters do not form a word, you are to circle the number two that follows that word. There is no time limit so take your time with this part and really think about your answer."

	WORD	NONWORD
senf	1	2
lips	1	2
tar	1	2
curi	1	2
snep	1	2
resh	1	2
gift	1	2
cuke	1	2
shot	1	2
peid	1	2
