By Duncan Davies, President & CEO, Interfor

Growing the market for softwood lumber

NEARLY A DECADE ago, after years of conflict, the North American softwood lumber industry came together in a collaborative effort to protect and grow the market for our products. We've made tremendous progress since then and are on the cusp of some major achievements. Our goal now is to make sure we stay the course and build on the momentum that's been established.

Richard P. Vlosky, Ph.D.

Director, Louisiana Forest Products Development Center

Crosby Land & Resources Endowed Professor of Forest Sector Business Development

Room 227, School of Renewable Natural Resources

Louisiana State University, Baton Rouge, LA 70803
