SENT TO LSU AGCENTER/LOUISIANA FOREST PRODUCTS DEVELOPMENT CENTER - FOREST SECTOR / FORESTY PRODUCTS INTEREST GROUP

BIOPREFERRED – A CONNECTION TO CROSS-LAMINATED TIMBER

FULL ARTICLE: <https://www.smartlam.com/usda-bio-preferred/>

THE MATERIAL BELOW IS EXCERPTED FROM THE USDA WEBSITE: [HTTPS://WWW.BIOPREFERRED.GOV/BIOPREFERRED/](https://www.biopreferred.gov/biopreferred/)

ABOUT THE BIOPREFERRED® PROGRAM

Managed by the U.S. Department of Agriculture (USDA), the goal of the BioPreferred Program is to increase the purchase and use of biobased products. The BioPreferred Program was created by the 2002 Farm Bill and reauthorized and expanded as part of the Agriculture Improvement Act of 2018 (2018 Farm Bill). The Program's purpose is to spur economic development, create new jobs and provide new markets for farm commodities. The increased development, purchase, and use of biobased products reduces our nation's reliance on petroleum, increases the use of renewable agricultural resources, and contributes to reducing adverse environmental and health impacts.

Richard P. Vlosky, Ph.D.
