SENT TO LSU AGCENTER/LOUISIANA FOREST PRODUCTS DEVELOPMENT CENTER - FOREST SECTOR / FORESTY PRODUCTS INTEREST GROUP

(Re-post from Craig Rawlings---Thanks Craig)

Dear FBN Newsletter Reader:

When I saw that a recent peer-reviewed article — [Filling the Knowledge Gaps in Mass Timber Construction](#) — is co-authored by our dear friend and mass timber ally Paul Kremer, it immediately grabbed my attention.

Bolstering mass timber education and filling knowledge gaps is a priority of the [International Mass Timber Conference](#), so I was pleasantly surprised to see that Paul and co-author Steffen Lehmann reference the conference and its associated International Mass Timber Report .
